

WUachieve Quick Reference Guide for Students

Provided by the Office of the University Registrar

Last Updated 10/17/2022

WUachieve is a web-based degree audit system centrally managed by the Office of the University Registrar. Support is available within each participating school and within each A&S department. Use your WUSTL Key to log into WUachieve at <http://wuachieve.wustl.edu>. You can also follow the link at WebSTAC (under *Academics*).

Once logged into WUachieve, the *Audits* menu option will allow you to *Request a New* audit or *Manage* existing audits. Because WUachieve uses real-time data, it is important to **run a fresh audit** every time you log in. All audits are date/time stamped. You can access *Help* features by clicking on the Gear icon to the right.

The screenshot shows the WUachieve web interface. At the top is the Washington University in St. Louis logo and name. Below it is a navigation bar with 'Audits' and a gear icon. A dropdown menu is open under 'Audits', showing 'Request New' and 'Manage' options. To the right of the dropdown is a 'Help' button and a 'Log Out' button. Below the dropdown is a red 'Run Audit' button. Below the button is a table of audit requests.

Program	Title	Catalog Year	Created	Audit Type	Format	Run By	View
LA2201	AB Major in History	Spring 2019			HTML	Student	View Audit

Top 5 things you need to know about WUachieve

1. WUachieve is a tool for estimating your progress towards a degree. Your school will make the final determination regarding program completion.
2. When you log in, WUachieve will direct you to the audit request page. Information may have changed. **Always run a fresh audit.**
3. WUachieve assumes that any In Progress (IP) course will be completed with a satisfactory grade.
4. WUachieve uses real-time data. If you drop/add a course, this change should appear immediately after you run a fresh audit.
5. It is important to discuss your degree audit with your advisor(s) on a regular basis.
