Office of the University Registrar

November 10, 2021

To: Deans and Administration
From: Keri Disch
University Registrar

Washington University’s total **day school enrollment** for the **Fall 2021** semester is **15,743** per data captured at the 10<sup>th</sup> week of the semester. An additional **1,304** students are enrolled in evening and part-time programs, bringing the **total University enrollment** to **17,047**.

Undergraduate students: **7,395 undergraduates** are enrolled in day school divisions and **663** in evening and part-time programs.

Graduate students: **8,348 graduate and professional students** are enrolled in day school divisions and **641** in evening and part-time programs.

Total **degree-seeking enrollments** for Fall 2021: **15,210 full-time** and **1,396 part-time** students.

**Gender and Ethnicity**

As a university, we continue to enroll fairly equal numbers of women (9037, 53%) and men (8010, 47%). This is true across the undergraduate (4327 women, 3731 men) and graduate (4710 women, 4279 men) student populations.

Nearly 50% of WU students identify with a non-White ethnic or racial group or international population. The federal reporting categories now enable us to capture more detail on the race and ethnicity of our non-White, multiracial and international students. Among those students reporting racial and ethnic affiliations (noting that students are able to report an affiliation with more than one group), 8.57% are Hispanic or Latino, 1.17% are American Indian or Alaska Native, 38.60% are Asian, 9.96% are Black or African American, and 0.49% are Native Hawaiian or Pacific Islander; 43.37% of our students are White and not multi-racial (5.69% are unreported). International students represent 26.04% of our total enrollment.

**Additional Information**

Tables outlining Total Enrollment by School for the Fall 2021 semester and the preceding four years are printed on the following pages.

The table of Graduate Degree Program Enrollment outlines program enrollment within each school for the degrees certified by their faculty.

DDD Chart2 FL2021
The graduate programs at Washington University reflect a complexity of relationships between the schools which cannot be fully described in terms of student enrollment by the "prime" division in which the student is classified. The figures below indicate program enrollment within each school for the degrees certified by their faculty. Total program enrollment will exceed the unduplicated headcount of graduate students because some students are enrolled in multiple programs.
