#### Gender and Ethnicity

As a university, we continue to enroll fairly equal numbers of women (7877, 53%) and men (7029, 47%). This is true across the undergraduate (3985 women, 3435 men) and graduate (3892 women, 3594 men) student populations.

Nearly 50% of WU students identify with a non-White ethnic or racial group or international population. The federal reporting categories now enable us to capture more detail on the race and ethnicity of our non-White, multiracial and international students. Among those students reporting racial and ethnic affiliations (noting that students are able to report an affiliation with more than one group), 8.58% are Hispanic or Latino, 1.30% are American Indian or Alaska Native, 33.88% are Asian, 10.41% are Black or African American, and 0.68% are Native Hawaiian or Pacific Islander; 47.58% of our students are White and not multi-racial (5.68% are unreported). International students represent 20.88% of our total enrollment.

## Graduate Degree Programs Spring 2021

The graduate programs at Washington University reflect a complexity of relationships between the schools which cannot be fully described in terms of student enrollment by the "prime" division in which the student is classified. The figures below indicate program enrollment within each school for the degrees certified by their faculty. Total program enrollment will exceed the unduplicated headcount of graduate students because some students are enrolled in multiple programs.
