Congratulations on completing your degree!

This email is a notice that your diploma has shipped. If your diploma is being delivered to a U.S. address, it should arrive to the address you specified in WebSTAC within 2 weeks.

Diplomas shipped to an international address can take 8 - 10 weeks to arrive. This timeframe is dependent upon the accuracy of the address you provided and international shipping customs and regulations. The below tracking is valid while the diploma is with USPS. Once your nation's mail service accepts the parcel, USPS can no longer track or offer support regarding the status of the shipment.

If you did not supply a Diploma Mailing Address in WebSTAC, the shipment has been sent to the Home Address on your student record.
